

Here is an overview of the Spring term 2 topic, based on growth, plants and flowers. Please see your child's teacher if you have any questions about this or anything else.

Miss Glenn – Sansum , Miss Wright, Miss Esteves, Miss Odedra and Ms Gasking

As scientists we can...

- Observe and describe how plants grow from a seed or bulb
- I can ask questions
- I can perform a simple test using scientific equipment (microscope / magnifying glass) and make a simple

As mathematicians we can...

Year 1: Learn about position and direction. Further develop our understanding of place value (up to 100)

Year 2. Recap and consolidate our understanding of the four operations. Address our misconceptions and use the best strategy.

As musicians we can...

- Listen and respond to music, (bolero, rock and roll and indie)
- Reflect on how music makes us feel
- Name different groups of instruments

Year 1 / 2

Summer 1: Explorers 2022

As movers we can...

- Use the terms attack and defend in games
- Learn about agility, balance & co-ordination
- Develop our spatial awareness
- Move with intention and increased confidence

As geographers we can...

- Name and locate the world's seven continents and five oceans
- Use maps, globes and simple compass directions to identify places including physical features of a continent

As designers we can...

- Thread a needle
- Use a running stitch to sew a pattern
- Design, plan, make and evaluate our sewing

As global citizens we can...

PSHCE: relationships

Know how to make friends and what makes a good relationship, try to solve problems when they occur, help others feel part of a group,

As writers we can...

Year 1: Study the books, Giraffes can't dance and Winnie the pooh to write a character and setting description, retell the story.

Year 2: Review books written by the author Emily Gravett. Study a book called Lost and found and imitate the story.

As historians we can...

- Identify the similarities and differences between Mary Seacole and Florence Nightingale
- Recognise why people did things
- Put dates, events and artefacts on a timeline
