

Autumn 1 Homework Year 1/2

This term we would like your child to complete weekly homework for spellings, maths and reading. We also have three other activities for you to complete if you would like to have a go at these.

Maths - 10 minutes x 5 times per week

Each week, we would like your child to login to Numbots and MathShed to practise their number facts. Year 2 can also log in to TTRS so they can practise their times tables.

Spellings - 10 minutes x 5 times per week

Your child will be given their list of spellings for the whole half term at the start of each new half term. These will be stuck in their pink homework book. Some of the words follow a spelling rule or pattern whilst others are taken from the statutory year 1 and 2 lists. Your child's weekly words are also put onto the Spelling Shed website where they can practise them within a range of games or they can record their work in their pink spelling book. **Please bring pink homework books in every Monday for any homework from that week to be checked.**

Cross Curricular

Your child will also have a login to purple mash. There will be a variety of tasks available for them to complete linked to a range of different subjects. <https://www.purplemash.com/login>

Reading – 10 minutes, 5 times per week

We ask that your child reads for 10 minutes, 5 times per week with an adult. Each child has a levelled book which will be changed regularly in school. Alongside this, children have a reading record which we ask adults to use to record what your child has read. Adults can support their children's reading by asking questions, such as, how did the character feel? What do you think will happen next? Why? Can you retell me the story? Do you like this book/ author? If your child does not have a reading record, please let your child's teacher know. **Reading records should be bought in everyday in their packs by children and they will be checked and stamped by an adult on Monday.**

Creative Task

It has been really lovely getting to know all of the wonderful children in our new classes. For your creative task, we would like you to make a collage, poster, picture or piece of writing to help us learn even more about you. It could include information about your family, your friends, your likes and dislikes and your hobbies and interests. Be as creative as you like!

Friends and Family

As it is the start of a new academic year, we thought it might be nice to talk to your friends and family about what your hopes, dreams and goals for the year are. You might like to write your future self a letter and open it at the end of the year to see if you have achieved your goals.

Curriculum Focus

In Geography and History, we are learning about our local area. Have a walk around your local area and make a list of the different things you can see e.g. library, park, shops, school etc. If you wanted to, you could create your own map of your local area!

This piece of homework is due on Thursday 17th October 2024.
