

Wednesday 16th September

KS1 animal experience

Dear Parents and Carers,

We are excited to inform you that we have planned an animal experience day in school. The visit will link with our learning in Science. The children will be cuddling, grooming and feeding the animals, as well as learning lots about them too. It is very hands on!

The children will get to see a variety of animals during their session including rabbits, guinea pigs, different breeds of tortoises, hamsters, various lizards, different skinny pigs and even giant cockroaches and millipedes.

The animal sessions will take place on **Wednesday 4th November**. Each class will get a 45 minute session with the animals

The cost of the animal session is **£2.10**. For pupils eligible for Pupil Premium funding, half of this will be subsidised by the school and the cost will therefore be **£1.05**. Please pay for the trip online via iAntz or return all monies in a clearly marked envelope with your child's name and class to the office by **Monday 26th October**. Whilst no child will be excluded from this experience day, **should there be insufficient contributions received, we may need to cancel.**

If your child has any allergies that we need to be aware of, then please do let your child's class teacher know.

Kind regards,
The KS1 Team
